

Spring 2024

MRH&C By The Numbers – 2023

It is our honor and privilege to provide a remarkable amount of essential care every year.

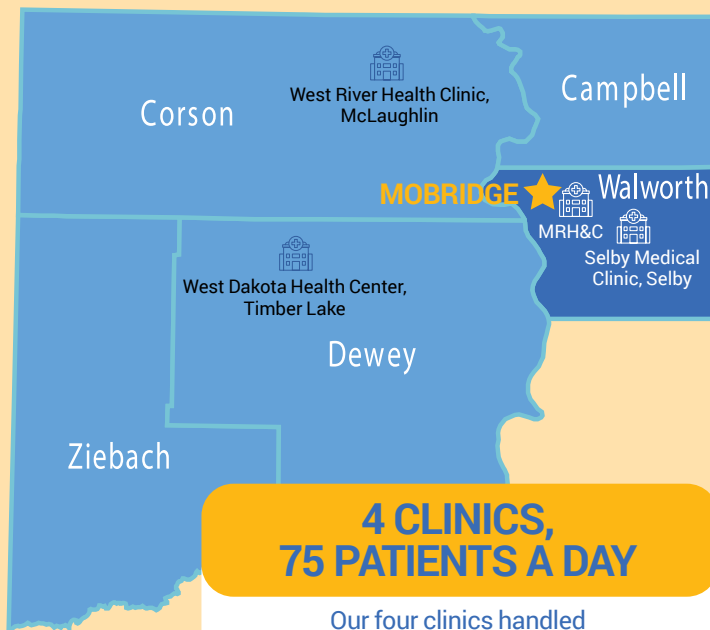

“People are often surprised at the volume of care we provide,” said John J. Ayoub, MRH&C Chief Executive Officer. “Our hospital and clinics are very busy places, and our staff and physicians do phenomenal work. If you need medical care, you’ll find that we do many things and do them exceptionally well—right here in Mobridge.”

All numbers shown are for care delivered during our last full fiscal year, October 1, 2022, through September 30, 2023.

We're proud to have been named a **Top 100 Critical Access Hospital** for the fourth consecutive year!

Letter from John

I always appreciate getting feedback when new issues of our community newsletter are mailed out. Interestingly, I always get the greatest number of comments regarding our “By the Numbers” issues. Based on the comments, there are lots of folks who enjoy and appreciate knowing the size and scope of the services we provide.

We are grateful for the profound faith and trust that so many have placed in the care team of Mobridge Regional Hospital & Clinics! We will continue to do everything in our power to persistently seek improvement, striving to be better today than we were yesterday. I want you to know that we work diligently to improve so we will always be prepared to provide the care that is needed, regardless of the situation. The team is available 24 hours a day, seven days a week, strengthening the safety net to ensure anyone who needs care is able to receive it.

Our award-winning team provides personalized and specialized care in a manner you can be proud of. If you are one of the many who put your trust in our team, I want to say thank you and let you know that our people work hard to validate your choice. If you are not, I encourage you to give us the opportunity to earn your trust and confidence. We will be here if you need us, providing high-quality healthcare services in a compassionate and professional manner for people throughout the region.
